

# MATERIAL SAFETY DATA SHEET

## Section 1. Chemical Product and Company Identification

**Product Name**                    **Black Toner For CS 300i**  
**Manufacturer**                    Kyocera Mita Corporation  
**Address**                            COPYSTAR, A DIVISION OF  
    Kyocera Mita America, Inc.  
    225 Sand Road  
    Fairfield, NJ 07004  
**Telephone Number**              (973)-808-8444  
**Date**                                April 27, 2010

## Section 2. Composition/Information on Ingredients

<i>Hazardous Components (Chemical Identity, Common Name/s )</i>	<i>OSHA PEL</i>	<i>ACGIH TLV</i>	<i>NOHSC</i>	<i>Weight%</i>
NONE				
<i>(Non Hazardous Ingredients)</i>				
Styrene acrylate copolymer 1	Not listed	Not listed	Not listed	50-60
Magnetite	Not listed	Not listed	Not listed	40-50
Styrene acrylate copolymer 2	Not listed	Not listed	Not listed	1-5
Wax	Not listed	Not listed	Not listed	1-5

## Section 3. Hazards Identification

Most Important Hazards: NONE

Specific Hazards: NONE

Other Information on Hazards: Potential Health Effects

Ingestion      Ingestion is not applicable route of entry for intended use.

Inhalation      Prolonged inhalation of excessive dusts may cause lung damage.  
                          Use of this product, as intended, does not result in inhalation of excessive dusts.

Eye Contact    May cause eye irritation.

Skin Contact    Unlikely to cause skin irritation.

## Section 4. First Aid Measures

First Aid Measures

Inhalation      Remove from exposure to fresh air and gargle with plenty of water.  
                          Seek medical treatment if effects (such as coughing) occur.

Skin Contact    Wash with soap and water.

Eye Contact    Flush thoroughly with water and seek medical treatment if irritating.

Ingestion      Rinse out the mouth. Dilute stomach contents with several glasses of water and seek medical treatment.

## Section 5. Fire Fighting Measures

Extinguishing Media	Water, (Sprinkle with water), Foam, Powder, CO <sub>2</sub> or Dry Chemical Extinguisher.
Fire Fighting Procedures	Pay attention not to blow away toner powder. Drain water off around and decrease the atmosphere temperature to extinguish the fire.

## Section 6. Accidental Release Measures

Personal Precautions	Avoid inhalation, ingestion, eye and skin contact in case of accidental toner release.
Environmental Precautions	No special precaution.
Method for Cleaning Up	Gather the released toner not to blow away and to wipe up with a wet cloth.

## Section 7. Handling and Storage

Handling	Keep the toner container tightly closed. Keep away from children.
Storage	Keep the toner container tightly closed and store in a cool, dry and dark place. Keep away from fire. Keep away from children.

## Section 8. Exposure Controls/Personal Protection

### Control Parameters<Reference Data>

ACGIH TLV(2008)-TWA	Inhalable fraction 10mg/m <sup>3</sup> , Respirable fraction 3mg/m <sup>3</sup>
OSHA PEL(2006)-TWA	Total dust 15mg/m <sup>3</sup> , Respirable fraction 5mg/m <sup>3</sup>

### Protective Equipment

Respiratory Protection	Not required under normal use.
Eye/Face Protection	Not required under normal use.
Hand Protection	Not required under normal use.
Skin/Body Protection	Not required under normal use.

Ventilation Ventilator is not required under normal use.

## Section 9. Physical and Chemical Properties

Appearance	
Physical state	Solid
Form	Fine powder
Color	Black
Odor	Odorless
pH	N.A.
Melting Point	140 <sup>0</sup> C
Explosion Properties	Dust explosion is improbable under normal use. Experimental explosiveness of toner is classified into the same rank such kind of powder as flour, dry milk and resin powder according to pressure rising speed.
Density	1.5-2.0 g/cm <sup>3</sup>
Solubility	Almost insoluble in water.

---

## Section 10. Stability and Reactivity

---

Stability / Reactivity                      Stable under normal use.

Hazardous Decomposition Products      None

---

## Section 11. Toxicological Information

---

Acute oral toxicity                          No data available.

Acute dermal toxicity                      No data available.

Acute inhalation toxicity                No data available.

Acute eye irritation                        No data available.

Acute skin irritation                      No data available.

Skin sensitization                        No data available.

Mutagenicity                                Ames Test is Negative.

Reproductive Toxicity                    No reproductive toxicant, according to MAK, CA Proposition 65, TRGS 905 and EU Directive(67/548/EEC).

Carcinogenicity                          No carcinogen or potential carcinogen, according to IARC, Japan Association on Industrial Health, ACGIH, EPA, OSHA, NTP, ILO, MAK, CA Proposition 65, TRGS 905 and EU Directive(67/548/EEC).

Chronic effects                            In a study by chronic inhalation exposure to a typical toner, a mild to moderate degree of lung fibrosis was observed in 92% of the rats in the high concentration (16mg/m<sup>3</sup>) exposure group, and minimal to mild degree of fibrosis was noted in 22% of the animal in the middle(4mg/m<sup>3</sup>) exposure group. But no pulmonary change was reported in the lowest(1mg/m<sup>3</sup>) exposure group, the most relevant level to potential human exposures.

Other Information                         NONE

---

## Section 12. Ecological Information

---

No Data Available

---

## Section 13. Disposal Considerations

---

Do not incinerate toner and toner containers. Dangerous sparks may cause burn. Any disposal practice should be done under conditions which meet local, state and federal laws and regulations relating to waste (contact local or state environmental agency for specific rules).

---

## Section 14. Transport Information

---

UN No.                                        None.

UN Shipping Name                        None.

UN Classification                        None.

UN Packing Group                        None.

Special Precautions                      None.

---

---

## Section 15. Regulatory Information

---

### EU Information

Label information according to the Directives 67/548/EEC and 1999/45/EC.

Symbol and Indication	Not required.
R-Phrase	Not required.
S-Phrase	Not required.
Special marking	Not required

Hazardous ingredients for labeling: None

### US Information

All components in this product comply with order under TSCA.

### Canada Information

This product is not a WHMIS-controlled product, since we consider it as a Manufactured article.

---

## Section 16. Other Information

---

To the best of our knowledge, the information contained herein is accurate. However, we cannot assume any liability whatsoever for the accuracy or completeness of the information contained herein.

### <Abbreviation>

ACGIH	American Conference of Governmental Industrial Hygienists
PEL	Permissible Exposure Limit
OSHA	Occupational Safety and Health Administration
TLV	Threshold Limit Value
TWA	Time Weighted Average
MAK	MAK(Maximale Arbeitsplatzkonzentrationen) under Deutsche Forschungsgemeinschaft
TRGS	Technische Regein für Gefahrstoffe(Deutsche)
IARC	International Agency for Research on Cancer
EPA	Environmental Protection Agency(USA)
NTP	National Toxicology Program
ILO	International Labour Office
UN	United Nations
TSCA	Toxic Substances Control Act(USA)
WHMIS	Workplace Hazardous Materials Information System(Canada)
